

Chicopee Canal and River Walk

The Chicopee Canal and River Walk offers a short and pleasant walk in Chicopee. The pathway closely follows the Chicopee River and adjacent canal and is lined with tall elm, maple and sycamore trees. Signs along the way tell the history of the canal. Currently, the walkway is a 1,000 foot stretch along a former railway, but will extend the trail 2 miles further east to the former Uniroyal Property.

Location:	Chicopee River waterfront
Trail Type:	Paved trail
Length/Difficulty:	1/4 mile; Easy
